Liquid Bulk Loading And Unloading

Warehouse

200,000+ Square Feet

Liquid Bulk Storage

40 Storage Tanks
5,000-8,000 Gallons
8 Flammable-Material Storage Tanks
7,200 Gallons

Liquid Blending

18 Tanks 165 - 6,000 Gallons
11 Tanks on Load Cells with Mixers
(Stainless Steel, Poly and Fiberglass)
2 Solvent Blend Tanks - 1,500 Gallons
Nitrogen Blanketed
5 Stainless - Heat and Cool Water Jacketed
1 Glass-Lined - Heat and Cool Water Jacketed
Deionized Water System

Liquid Filling and Packaging

5 Automatic Bottle Filling Lines
3 12-Head Automatic Fillers with Capper,
Heat Sealer, Labeler
2 6-Head Automatic Fillers with Heat Sealer
Capable of Filling 4 oz Bottles to 5 Gallon Pails
Batch Lines Capable of Filling 5 Gallon Pails to Bulk
Solvent Lines Capable of Filling 5 Gallon Pails to Bulk
1 18-Head Rotary Filler

Powder Blending

3 Stainless Steel Blenders
1 166 Cubic ft Plow Blender on Load Cells
1 45 Cubic ft Plow Blender
1 100 Cubic ft V-blender
Moisture Control
Atmosphere Controlled

Powder Filling and Packaging

8 Filling Lines
1 2-Head Automatic Filler
4 Single Head Automatic Fillers
2 Form, Fill & Seal Machines
8 oz To 55 lb Automatic Bagging Line
Batch-Filled Pails, Bags, Drums and Super-
sacks

Laboratory Services and Equipment

Atomic Absorption Spectrophotometer
Gas Chromatograph
Fourier Transform Infrared Spectroscopy
(FTIR)
HPLC
UV / VIS Spectrometer
Density Meters
Refractometers
Karl Fischer Titrator / KF Oven
Specific Ion Electrode Analysis
Colorimeters
Drying Oven
XRF X-Ray Fluorescence
