

HAVILAND Products Company

421 Ann Street NW
Grand Rapids, MI 49504-2075

Dave White Sr.

Technical Sales Representative

Dave has 38 years of extensive experience in the electroplating industry: wet analysis, plating tank process control and solution/tank maintenance, and plating process development. Substrates include ABS Plastic, Polycarbonate, Nylon, Zinc Die Cast, Steel, Stainless Steel, Brass, and Aluminum

Dave has managed Plating Process Control Labs for FCM Division of Gulf and Western (1980 to 1982), Plastic Plate (Division of Lacks Industries 1983 to 1984), and Plastics Technologies(1988 to 1989.)

Dave has been Plating Technician for Attwood Corporation (1984-1988)

Dave has been successful and effective as Plating Manager/General Manager of Plating Operations for Plastics Technologies (1988 to 1989), Inverness Castings/Bangor Industries (1989 to 1992), MacDonald's Industrial Plastics, Inc. (1993), and Advance Plating and Finishing (1993 to 1999.)

Dave has also done Plating/Environmental Consultant work for Valley City Plating (1999 to 2000.)

Dave has worked for Haviland Products since late 2000 doing sales and technical service work for his local and out-of town customers.

Dave has played a key role in the development of Haviland's copper, nickel, chrome, brass, and zinc proprietary chemistries.

"Good technical service and customer relations is the key to our success!"
