Haviland
PRODUCTS COMPANY

Haviland Products is a single source, value added supplier to the food, beverage and pharmaceutical industry. We offer ingredients such as citric, ascorbic and malic acid as well as additives and processing chemicals. Frequent deliveries with our trucks originating from our food grade FDA registered facilities insure a quality product handled responsibly and in accordance to all federal and state DOT and FDA regulations.

Food, beverage and pharmaceutical industry clients also benefit from our expertise in water and wastewater treatment, boiler compounds, refrigeration/heat transfer fluids and proprietary cleaners for food processing equipment and other plant areas.

With one call, our logistical support, product availability and technical services and products ensure priceless value to you – less complication.

Food AND Beverage

Following is a partial listing of products available, please contact us for additional details if we can be of further assistance.

Aluminum Sulfate FCC Grade
 Ascorbic Acid
 Bicarbonate of Soda USP Grade
 Havasan LB 12 – EPA Registered
 Calcium Chloride Brinners Grade
 Celatom Filter Aids
 Citric Acid
 Corn Syrup 42/43
 Dowfrost
 Dowtherm SR-1
 Dry Spices and custom blends
 Dyes
 Epsom Salts Industrial Grade
 Erythorbic Acid
 Flavorings and Custom Blends
 Food Grade Defoamers/Antifoams
 Glycerin USP 99.5%
 Glycine
 High Fructose Corn Syrup 42
 HP Oxysan
 Hydrogen Peroxide (All Strengths)
 Lactic Acid - 50% / 80% / 88%
 Malic Acid
 Maltiol
 Oils and Oil Flavorings
 Phosphates
 Phosphoric Acid
 Polysorbates

Potassium Sorbate
 Propylene Glycol USP Grade
 Salt
 Sodium Benzoate
 Sodium Bicarbonate USP Grade
 Sodium Citrate
 Sodium Gluconate
 Sodium Metabisulfite
 Sodium Saccharin
 Sorbitol
 Sulfamic Acid
 Tartaric Acid
 Wheat Gluten
 Wheat Starch
 Xanthan Gum
 Yeast Extract

WASTE TREATMENT COMMODITIES

Aluminum Chloride
 Aluminum Chlorhydrate (ACH)
 Aluminum Sulfate
 Bleach
 Calcium Chloride
 Carbamates (ENP #2)
 Caustic Soda
 Ferric Chloride
 Ferrous Sulfate
 HFS

Lime
 Magnesium Bisulfite
 Magnesium Hydroxide
 Phosphates
 Polyaluminum Chloride (PAC)
 Polymers
 Anionic
 Cationic
 Ionic
 Polymer Blends
 Soda Ash
 Sodium Chlorite
 Sodium Hydrosulfite
 Sodium Metabisulfite
 Sulfuric Acid
